# Brother's Breakfast

## Why?

Breakfast is fun at Brother's. With over 40 years of experience in cooking, from pizza to lamb, to our world famous mouth watering steak tips (marinated in Greek herbs), we have decided to venture out and start serving Breakfast.

Why would breakfast at Brother's be different from all the others? We have the staff, with their fabulous service and award winning smiles. We also want to shake things up with some color, from the multi-colors of our breakfast plates to our brightly colored menu.

We have added a cultural twist to our menu to make us stand out from all the rest. We make our home fries from scratch with Greek approved spices, that are cooked on the grill with absolutely no oil. We also have a Middle Eastern sweet breakfast called "Blila" a combination of sweet barley, sugar, milk, nuts, raisins, coconut. A healthy alternative to American cooking.

When you leave you will be happy, full and ready to come back.
